

# ATTENTION DOWNTOWN BUSINESS OWNERS

***NEW SIDEWALKS ARE ON THE WAY!***

COME AND LEARN ABOUT IT  
FRIDAY, JANUARY 20<sup>TH</sup> @ 8:30 AM  
*DOWNTOWN RE-BUILD SITE*

Please join us at the downtown re-build site on **Friday January 20<sup>th</sup> at 8:30 AM** to learn about the City's plans to replace our old crumbling sidewalks, and other streetscape improvements scheduled for spring. You will be able to view the new construction site, and have a tour of this exciting downtown project.

Beginning mid-February, the City will begin replacement of old sidewalks along Washington St. beginning at E. Water St. and continuing to the public parking lot at Bridge St. Work will be done in small sections. Every effort will be made to minimize business disruption, but affected businesses may experience one or two days when access to their buildings may be restricted, or even blocked entirely.

The City plans to coordinate the progress with you so that you will know in advance when construction is scheduled for the area in front of each of your buildings. We hope to maximize the communication, and minimize the inconvenience as much as possible.

If you plan to attend the meeting, an RSVP by email to [baycock@clarkesvillega.com](mailto:baycock@clarkesvillega.com) would be appreciated. We will provide coffee and a muffin. Dress warmly!

If you cannot attend, we will be sending out information by email to all business owners. You may call me, or Main Street Manager Mary Beth Horton, or City Manager Barbara Kesler with questions.

I hope to see you next Friday!

*Barrie Aycock*

Barrie Aycock, Mayor
